### Review May Minutes

### Early Childhood Specialist Data

- Jean Allison brought PQA-R data handouts for the group to review.
- This is the first year we have used this revised tool, and it has a lot more criteria than the previous tool.
- The fails give us the directions of where we need to go.
- The tool is broken into three different areas: learning environment, teaching and learning routines and adult-child interactions, and parent engagement.
- Section 1E Row 2: That is about playgrounds and a lot of programs don't have playgrounds.
- Sec2CR3: A cluster of rooms that are at 3. Scaffolding is the second open ended question after how the child responded to the first open ended question.
- S2GR1: Where the math starts and S2GR4: shapes
- The new tool allows teachers to see how it relates to child outcomes.

### Pop Up Literacy

- Had 11 families and 25 children attend the first event at Francis Street Primary.
